

Subject Line: Do You Have What It Takes... Or are you still scared?

Hey Michelle!

So I was doing some research yesterday and I discovered something quite unfortunate. And it reminded me of why I became **Life & Business Coach** in the first place.

You see, there are millions of people with dreams, visions, and big ideas. But then, not all realize these dreams. In fact, less than 12.4% of these amazing people get to the end.

Now! I can't say exactly why it's this way... Because there are lots of possible reasons... Like procrastination, fear, low self-esteem, or lack of knowledge, courage, connection... Even a lack of accountability.

And we need to rise to these challenge Michelle... Both You and I.

And the transformation starts here...

In this year's season of the [**SET-UP FOR SUCCESS MASTER CLASS**](#), I am out to help people master themselves, and tear through their limits.

The truth is...

"No man is an island". Even if most times we claim to be strong, and self-sufficient and all.... Because we hate to look weak or vulnerable.

But you know what?

This is the fastest way to hide your obvious weaknesses... And is well, the easiest way to be eaten-up by them.

And you can imagine how deep this weakness can eat (if not corrected)... Deep enough to make you abandon the desires, goals and dreams you once held so high

Take Jessica for example (one of my students), who was on the verge of calling it quits.

These were her exact words...

"I had been in business for over 3 years. Years were going fast, but the numbers were killing me. With over \$20,650 in solid debt in 8 months. I was so close to shutting down.

I lacked accountability and good customer relationships. The crazy part is, I didn't even know I lacked them...

Until I met you from the [SUCCESS MASTER CLASS](#) and took your coaching classes and mentorship. Then you were able to point out these weaknesses, and how they were killing me. Thank you so much for taking me through Kaisa.

After just 3 months of your guidance, I have paid back over \$10,560 of debts... And making a cool sustainable profit on top of my business."

You see Mitchell, it's **stories like these that make my eyes sweat...**

And they are why I go out of my way to keep helping people tear through their limits, in life and business.

Mitchelle, you have no time to waste...

This is the 4th and last [SET-UP FOR SUCCESS MASTER CLASS](#) this year (One for each quarter). So we have put an unusual amount of resources and time into this class.

I have also invited 3 world-class business coaching experts. And you will be getting all their knowledge and experience for **FREE!**

And I dread the idea of you missing this class.

Mitchelle! You might not be like Jessica...

But this class is where you dive deep into self-examination, to discover your weaknesses and surpass them.

Here's a peek at what you would get in this class.

How to discover your limitations, and break out from them.

How to build self-confidence, and emotional shield against negative criticism.

How to set SMART goals, and measure them accountably.

Step-by-step proven strategies to achieving goals.

How to use your in-built skill, and abilities to achieve your goals.

I wasn't joking when I said I am going out of my way to help as many as are ready.

And that's why, this **MASTER CLASS**, in all its glory and value, is **FREE!**

And if you are ready to step up your game, and be the new force to reckon with.
